Patches in Staging (cont.)

Changes in Staging

- Use Bugzilla for patch tracking
- All new patches need a bug attached
- wine-staging.com moved to WineHQ wiki page

Future of Wine-Staging

- Keep Staging alive
- What goes into Staging?
 - Patches that are not quite correct
 - Patches that might be risky
 - Always should go upstream eventually
 - Must be in the right direction
 - Your patches!
- Avoid disabling patches
- Be a staging branch of Wine
